

# Graduation 2005

## Biomedical Sciences

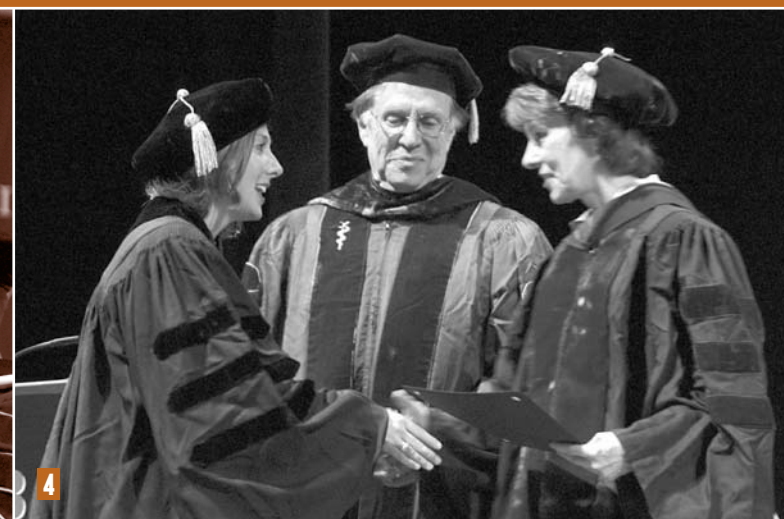

The Undergraduate and Graduate Biomedical Sciences Commencement for School of Medicine and Biomedical Sciences, took place on May 12, 2005, at the Center for the Arts on the North Campus.

This year, 39 PhD, 45 master's and 137 undergraduate candidates were eligible for degrees.

The commencement address was delivered by Bettie Sue Siler Masters, PhD, The Robert A. Welch Foundation Professor of Chemistry in the Department of Biochemistry, The University of Texas Health Sciences Center at San Antonio. Degrees were conferred by UB President John B. Simpson, PhD.

Candidates completed work in the following School of Medicine and Biomedical Sciences' departments or programs: biochemistry, biochemical pharmacology, biotechnical and clinical laboratory sciences, microbiology and immunology, neuroscience, nuclear medicine technology, medical technology, pathology and anatomical sciences, pharmacology and toxicology, physiology and biophysics, biomedical sciences, structural biology. Also included were the Roswell Park Cancer Institute Graduate Division programs in Cancer Pathology and Prevention, Cellular and Molecular Biology, Cellular and Molecular Biophysics, Immunology, Molecular Pharmacology and Cancer Therapeutics and Natural Sciences.
